

22nd international Coating Symposium

November 7th + 8th, 2023

Dear Industry Professionals,

The international Coating Symposium has been a fixed event in the coating and printing industry since the year 2000.

Speakers from industry, institutes and R&D will present the latest developments around Coating, Printing and Laminating and we will show trials in our R&D centre on site in Dormagen.

We are pleased to invite you to the 22nd international Coating Symposium on **November 7th + 8th, 2023.**

This year we will have exclusive short courses with our expert know-how.

Please let us know if you are interested in attending this event by filling out the attached application form no later than **October 23rd, 2023** and fill out the form:

www.coatema.de/symposium-registration

Detailed information can be found on our website. The agenda will coming up soon:

www.coatema.de/en/unternehmen/symposium/naechstes-symposium

We are looking forward to see you in November,
your Coatema Team
