One stop shop solution

Coatema Coating Machinery – The One Stop Solution From Lab2Fab*

Coatema offers lab, pilot and production equipment for coating, printing and laminating processes in roll-to-roll and sheet-to-sheet applications. Coatema is part of ATH Holding in Hamburg, Germany, with over 40 years' experience in markets like renewable energy, printed and flexible electronics, medical, pharmaceuticals, membranes, prepreg and textiles.

Coatema specializes in scalable tools (Laboratory to Fabrication*) and has a world class R&D center with many lab and pilot lines and tools. Coatema's R&D and Technical Center in Dormagen, Germany, is staffed by a team of researchers and engineers with access to a global network of industry focused partners. This includes dedicated organizations, universities and business partners in advanced coating, printing and laminating technologies.

Coatema continues to push the boundaries for the „next thing“ in coating, printing and laminating; like UV-nanoimprint and nano-inkjet technologies. From Lab2Fab Coatema is a recognized international leader in finding solutions for new and established markets. Can we be of service to you?
